estimated to be approximately 3.1 million gallons per year.

The EA is available for public review at the headquarters of GRE at 17845 East Highway 10, Elk River, Minnesota 55330–0800 and the RUS at the address provided above in this notice or at the following locations:

- Austin Public Library, 323 4th Avenue, NE, Austin, Minnesota, telephone (507) 433–2391
- Brownsdale Public Library, Brownsdale Community Building, Brownsdale, Minnesota, telephone (507) 567–9951
- Rochester Public Library, 101 2nd Street, SE, Rochester, Minnesota, telephone (507) 285–8022
- Sargeant Community Center, Chestnut Avenue, Sargeant, Minnesota, telephone (507) 584–6885

Questions and comments should be sent to RUS at the address provided in this notice. RUS will accept questions and comments on the EA for 30 days from the date of publication of this notice.

Any final action by RUS related to the proposed project will be subject to, and contingent upon, compliance with all relevant Federal environmental laws and regulations and completion of environmental review procedures as prescribed by the 7 CFR Part 1794, Environmental Policies and Procedures.

Dated: March 3, 2000.

Mark S. Plank,

Acting Director, Engineering and Environmental Staff.

DEPARTMENT OF AGRICULTURE

Rural Utilities Service

Dekehtik Diesel Electric Plant on the Island of Pohnpei, Pohnpei Utilities Corporation, Notice of Finding of No Significant Impact

AGENCY: Rural Utilities Service, USDA. **ACTION:** Notice of Finding of No Significant Impact.

SUMMARY: Notice is hereby given that the Rural Utilities Service (RUS), pursuant to the National Environmental Policy Act of 1969, as amended, the Council on Environmental Quality Regulations (40 CFR Parts 1500–1508), and RUS Environmental Polices and Procedures (7 CFR Part 1794), has made a Finding of No Significant Impact (FONSI) with respect to a project proposed by Pohnpei Utilities Corporation (PUC) of Kolonia, Pohnpei, Federated States of Micronesia. Pohnpei

is the largest state in the Federated States of Micronesia. The proposed project consists of constructing a 6.5-megawatt diesel electric generating plant at Dekehtik on the Island of Pohnpei. The purpose of the project is to provide power for the residents of the Island. RUS proposes to provide financial assistance to PUC for the project.

RUS has concluded that the impacts from the proposed project would not be significant and that the proposed action is not a major federal action significantly affecting the quality of the human environment. Therefore, the preparation of an environmental impact statement is not necessary.

FOR FURTHER INFORMATION CONTACT:

Nurul Islam, Environmental Protection Specialist, Stop 1571, Engineering and Environmental Staff, RUS, 1400 Independence Avenue, SW, Washington, DC 20250-1571, telephone (202) 720-1414. His e-mail address is nislam@rus.usda.gov. Information is also available from Mr. Marcelino Actouka, General Manager, PUC, P.O. Box C, Kolonia, Pohnpei FM96941, telephone (691) 320-2374 and Mr. Peter Howard, Executive Vice President, Oceanic Companies, Inc., 1287 Kalani Street, Suite 203, Honolulu, Hawaii 966817-4961, telephone (808) 874-0207.

SUPPLEMENTARY INFORMATION: RUS, in accordance with its environmental policies and procedures, required that PUC prepare an Environmental Report (ER) reflecting the potential impacts of the proposed facilities. The ER, which includes input from federal, state, and local agencies, has been reviewed and accepted as RUS' Environmental Assessment (EA) for the project in accordance with 7 CFR 1794.41. RUS and the PUC published notices of the availability of the EA and solicited public comments per 7 CFR 1794.42.

RUS has received the following comments on the proposed project: A letter from the U.S. Embassy on Kolonia, dated January 4, 2000, addressed the use of the present solid waste dump site as the location of the new power plant with no arrangements for relocating the solid waste facility. Region 9 of the U.S. Environmental Protection Agency (EPA) commented on the disposal and characterization of excavated material, stabilization of the present dump site, and accidental oil spills. Based on the information contained in the ER which RUS accepted as its EA, the responses of the Oceanic Companies, Inc., documented in a letter, dated February 16, 2000, to EPA Region 9, and the PUC commitments to follow mitigation, RUS

does not believe that construction and operation of the Dekehtik Generating Station will result in any significant impact to the human environment.

Ĉopies of the EA and FONSI can be reviewed at the headquarters of RUS and the headquarters of PUC and Oceanic Companies, Inc., at the addresses provided in this notice.

Dated: March 1, 2000.

Alex M. Cockey

Acting Assistant Administrator, Electric Program, Rural Utilities Service.
